

SAVE TEXAS^{★★★}™ ★★ GENERAL LAND OFFICE HISTORY! PRESERVATION AND EDUCATION PROGRAM

Friends:

Whether you're Texas born and bred, or just passing through, set your compass for Austin and check out the Texas General Land Office Archives.

The Land Office Archives, created just after the Texas Revolution, house more than 35 million historic maps, sketches and documents dating back to Spanish rule.

The Archives serve as a home for the history of Texas land and are a premier resource for historical research, whether it's related to genealogy, land

grants and surveys, or general questions about Texas' great past.

And while you're here, take home a souvenir of Texas — our Save Texas History program sells beautiful historic map reproductions to raise money for continued conservation of valuable Archives documents.

Thanks for your interest and support of Save Texas History.
